ECS Celebrates 19 Years

The ECS Group of Companies which includes WBC member, ECS Mid-Atlantic celebrated its 19th anniversary in February. ECS Mid-Atlantic specializes in the related fields of geotechnical, environmental, facilities engineering, and construction materials engineering and employs a staff of 1,000 people in 25 offices across the US.

Centennial Employees Receive Award, Earn Appointment

Tony Lombardi, corporate safety director for Centennial Contractors Enterprises, has been awarded a certificate of recognition for 10 years of service to the National Center for Construction Education and Research (NCCER). The award recognizes, among many volunteer activities, Lombardi's significant contributions to NCCER's master trainer program. NCCER, the professional training arm of Associated Builders and Contractors, seeks to create a safe, productive and sustainable workforce of craft professionals.

David Carrithers, vice president of marketing, Centennial Contractors Enterprises, has been made chair elect of the Center for Job Order Contracting Excellence (CJE). Carrithers, known as a champion of new methods of building national awareness of Job Order Contracting (JOC), was elected on a multifaceted platform that promoted increased member involvement in CJE; increased outreach among general contractors' employees; improved membership value; and the formation of new CJE chapters. Carrithers brings more than 20 years of change management, marketing and sales management experience to the office.

Mona Electric Group Inc. Celebrates 40 Years

Energized by the spirited leadership of Vincent "Cap" Mona, Founder and CEO, this award winning and diversified Electrical Contractor and WBC member, located in Clinton, MD, is celebrating their 40th year.

From starting with a single service truck in 1966 and deep rooted family values, Cap Mona has built a solid and strong foundation for his company. Mona provides broad ranges of continuing education at all levels. With the company motto, "Safety pays dividends for life", and caring for the individual, Mona has been proactive and quite successful in their safety program even before OSHA was formed.

A long range game plan of versatility and diversity of Services to provide to the customer; through Mona's large Electrical Construction Group, Fire Alarm and Life Safety Division, Voice, Data, Video and Security Department along with the largest 24-hour Emergency, and general installation, repairs and maintenance Department in the entire country, has resulted in their ability to retain top quality employees by mastering the ups and downs of a fluctuating economy for over five decades.

Mona's commitment to excellence is also demonstrated in their involvement

in the many local as well as the national industry organizations. Mona has given back to an industry that has offered them so much opportunity.

Gaining national rankings since the 70's, Mona has been in the forefront of the largest, most prestigious and intricate projects in the Metro area, thus building lifelong successful partnerships with engineers, owners, builders, local 26 IBEW, suppliers and other professional partners.

The comprehensive management team headed by David McKay, Chief Operating Officer, has been a consistent top performer in the region. Combined with over 600 highly trained, dedicated and enthusiastic personnel, who share in the drive to raise the standards of the industry by providing the highest quality of customer service, Team Mona has garnered more than 40 prestigious Craftsmanship and Sub-Contractor of the year awards.

With a mindset on the community, Mona has not only been a consistent "Top Corporate Philanthropic Giver", it has initiated some of the most successful "hands on" community neighbor helping neighbor Christmas in April projects around the region and across the USA.
