Dear Rick,

I know that **Centennial's** mission is "to exceed our customers' expectations by providing high quality, responsive construction and facility operations services with empowered professional employees and to build relationships that withstand the test of time by keeping our promises and honoring our commitments." You will be very happy to know that **Centennial** achieved its mission at Scott Libby School.

Our remodeled office has received everyone's seal of approval. Kids are asking where we "bought" it. Teachers are saying, "Ah, finally!" followed by, "When can they do my room?!" Parents are saying how much our fine office staff deserved to have such a fine workspace. The principal has been able to happily check off yet another item on her "To Do" list. Fred Telles, our Plant Foreman, who is not easily impressed, has been very impressed.

From start to finish this was a great experience for us, Rick. **Anthony Luongo, John Barrett,** and **Brandon Adams** listened to us describe what we wanted and created a design that met our needs. **Carlton Littleton's** cabinetry is just perfect. Communication at every step of the way was exemplary. We felt as though we were **Centennial's** only customer because of your commitment to customer service.

As we head into the summer with the bathroom remodeling projects scheduled for completion before school starts in August, I feel as though I will be able to have a few week's of vacation and not worry that these important projects will be completed according to plan.

I know how proud I am to be part of the Litchfield Elementary School District and you must feel the same way about **Centennial**. Please extend our thanks to everyone who worked on the office project.

Sincerely,

Lee Nelson, Principal
